

GRAND G850

The joy is in the journey

GRAND G850

DESIGNED FOR THE ALL-DAY ADVENTURERS

The Grand G850 is a spacious and luxurious 8.5 metre RIB that provides smooth, comfortable and safe navigation for both offshore and inshore adventures. With a centre console deck layout that maximises space, this boat provides a functional social setting for spending time with friends and family. With onboard features such as fibreglass t-top with extendible sunshades, fridge-freezer, aft deck shower, tap & sink, toilet, electric anchor, removable entertaining table and more, this is a boat that enhances your family time on the water, no matter the setting.

GRAND G850

ELEVATING YOUR FAMILY BOATING & ADVENTURE

GRAND G850

SPECIFICATION

Overall Length	850 cm
Internal Length	640 cm
Overall Width	295 cm
Internal Width	175 cm
Tube Chambers	5
Engine Max	400 HP
Recommended Engine	300 HP
Passenger Capacity	12
Fuel Tank	300 L
Water Tank	100 L
Bare Boat Weight	1200 kg
Total Package Weight	1981 kg
Midsection/Aft Deadrise	30°/25°
Tube Material	Hypalon
Hull	Fibreglass
Upholstery	Silvertex
Flooring	SeaDek

Stern Sundeck Kit
Shower Kit & Water Tank
Sink, Tap & Water Tank
Fridge with Freezer Compartment
Fibreglass T-Top or Bimini Top
Bow & Stern Canvas Sun Shade
Scanstrut Atmos 12v Inflator

GRAND G850

THE BOW

The generous bow section offers ample room for sunbathing, with space enough to comfortably fit two adults. The bow is encompassed by a tube-mounted railing, which enhances safety and comfort while increasing the freeboard in this area.

Underneath the cushions sit two deep bow compartments - one dedicated to housing the electric windlass. Behind the cushioned backrest, the large bow step plate with mooring cleats provides an additional access point for the boat.

GRAND G850

THE CONSOLE

The large dashboard display - protected by a windshield - can be customised entirely to your needs. With space to house two 16" screens, the dashboard can be tailored with electronics such as a Scanstrut Wireless Phone Charger, Fusion Stereo, Garmin VHF and more. Two cupholders and a deep glovebox provide storage at the helm, while the recessed positioning of the steering wheel creates additional space behind the dash.

On the other side of the console, a spacious compartment opens up and sits deep into the hull for maximum space. This space serves well as a great storage space, a changing room, or can be fitted with an electric toilet.

HELM SEAT

The two seats at the helm have provide cushioned comfort whilst underway, with a grab rail for further support. The two bolster seats rotate, enabling the driver and passenger to flip the seat from leaning to sitting easily.

Built into the back of the helm seat is a wet bar, housing a sink with a faucet, a cooking area, and a 62 litre refrigerator-freezer.

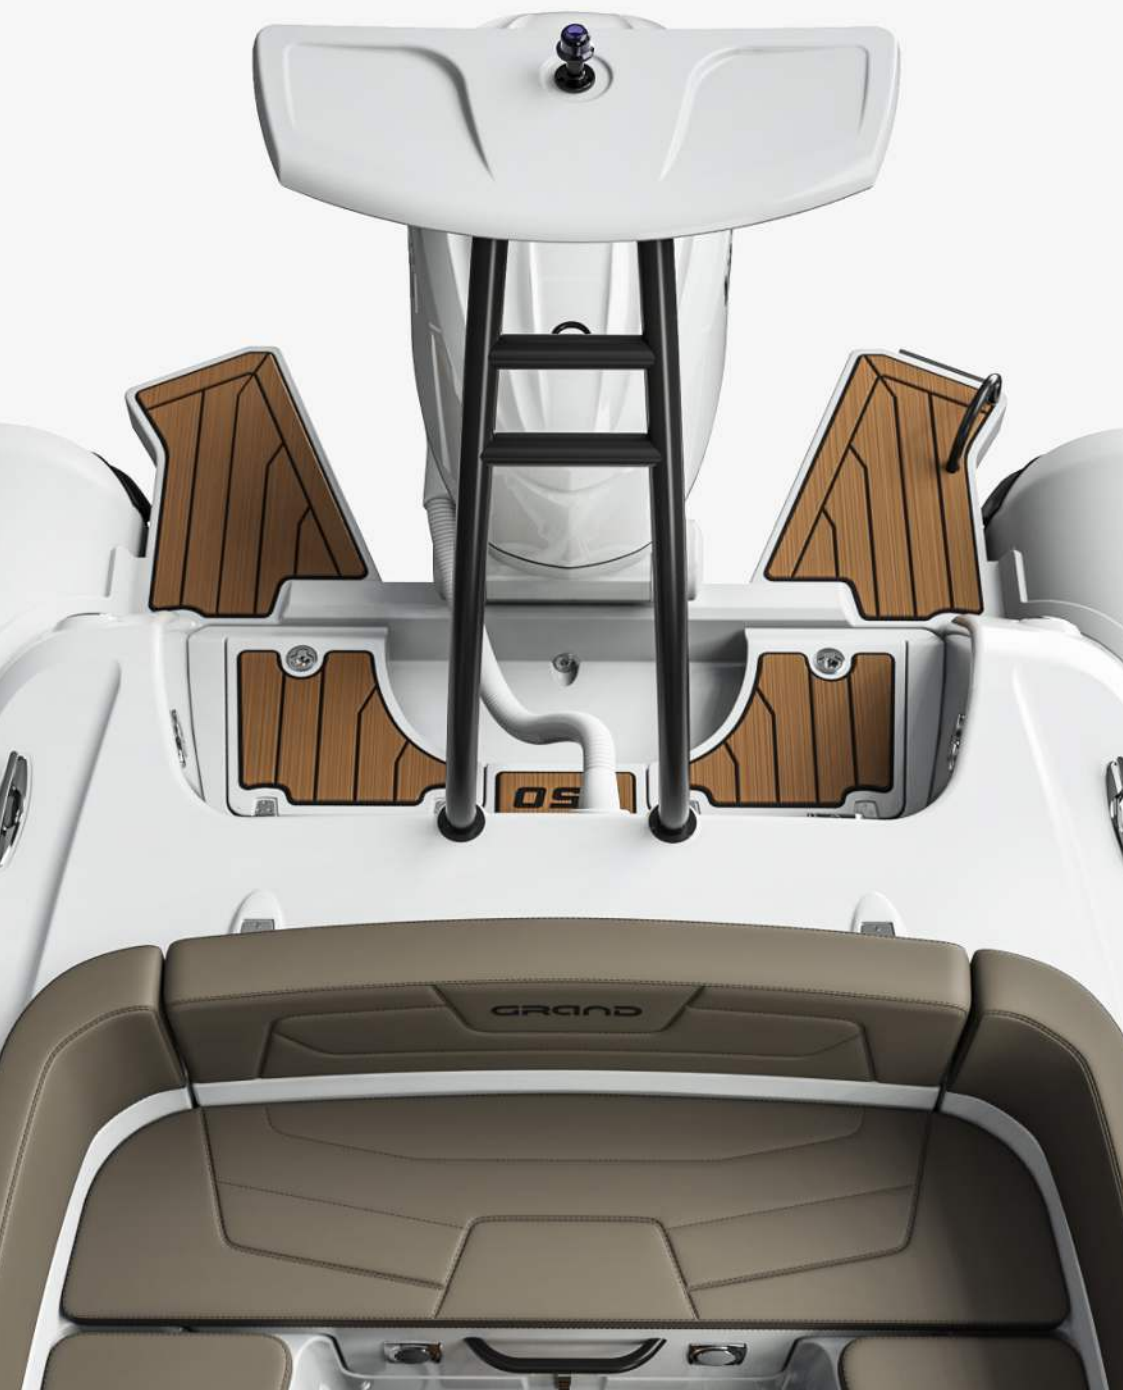

THE STERN

The ultimate space for entertaining and relaxing on the water, the stern provides comfort, space and functionality. The U-shaped moulded rear sofa comfortably seats 6 - 7 people, and holds a generous middle storage compartment, as well as two additional side lockers. Handrails all around ensure that passengers feel comfortable while underway.

A removable table complements the space and makes this a great area for enjoying a meal. Or, lower the table down and add the extendible sun bed kit to extend the sun lounging area.

REAR SECTION

The broad rear area of the G850 makes moving in and around the aft comfortable and easy. A telescopic boarding ladder and handrails ensure that getting in and out of the water is safe and convenient, while the SeaDek path extends all the way around the rear seating to make moving in and around far safer.

Two additional rear rope lockers provide additional storage space in this area. An aft-deck shower can also be optioned and fitted here.

SUN SHADE

The fibreglass t-top sits at 1.9 metres in height and effectively shelters the driver and passenger at the helm. Ergonomic and incredibly aerodynamic in its design, the fibreglass top has integrated spots for built-in speakers as well as a VHF and is suitable for additional equipment such as radar.

The addition of sun tops that extend outwards to the bow and stern from this t-top ensures that sun protection is maximised at all points onboard. Alternatively, opt for a collapsible bimini top.
