

GRAND G680

The joy is in the journey

GRAND G680

DESIGNED FOR THE ALL-DAY ADVENTURERS

A family boat that enhances your cruising experience. With onboard features such as a fridge-freezer, freshwater tap and sink, aft deck shower, electric anchor, wet bar and table, this 22 ft boat truly surpasses other boats of its size, delighting with its features, bringing contemporary luxury to any family cruise. The deep v hull and considerable deadrise make for a truly formidable and comfortable ride through any conditions, while Grand's premium styling brings a refreshing, contemporary touch to the midsize range.

SIT BACK,

Stern Sundeck Kit
Shower Kit & Water Tank
Sink, Tap & Water Tank
Fridge with Freezer Compartment
Fibreglass T-Top or Bimini Top
Bow & Stern Canvas Sun Shade
Scanstrut Atmos 12v Inflator

GRAND G680

THE BOW

A spacious bow section, with two separate anchor and bow compartments for maximum storage. A generous sunbathing area with a cushioned backrest that can be extended to connect with the console seat, providing a total area of 2 sqm. The optional bow sun top provides shade overhead.

An ergonomic bow step plate with retractive mooring cleat provides a comfortable access point, while the tube-mounted railings provide additional safety and freeboard. An electric windlass is an additional feature that enhances ease while on the water.

GRAND G680

THE CONSOLE

An ergonomic dashboard display that can be tailored entirely to your needs. With space to fit up to a 16" screen, the dashboard traditionally houses twin Garmin chart plotters, a Scanstrut Wireless Phone Charger, Fusion Stereo, Garmin VHF and more. Two cupholders and a deep glovebox provide storage at the helm, while the recessed positioning of the steering wheel creates additional space behind the dash.

To the other side of the console, a convertible front lid opens up to reveal a large, functional storage area.

HELM SEAT

A wide, moulded seat provides comfort while underway with safety handrails. The bolster seat rotates in and outwards, enabling the helm and passenger seat to transition easily from leaning to sitting.

Built into the back of the helm seat is a 62 litre refrigerator-freezer, as well as a sink with a faucet.

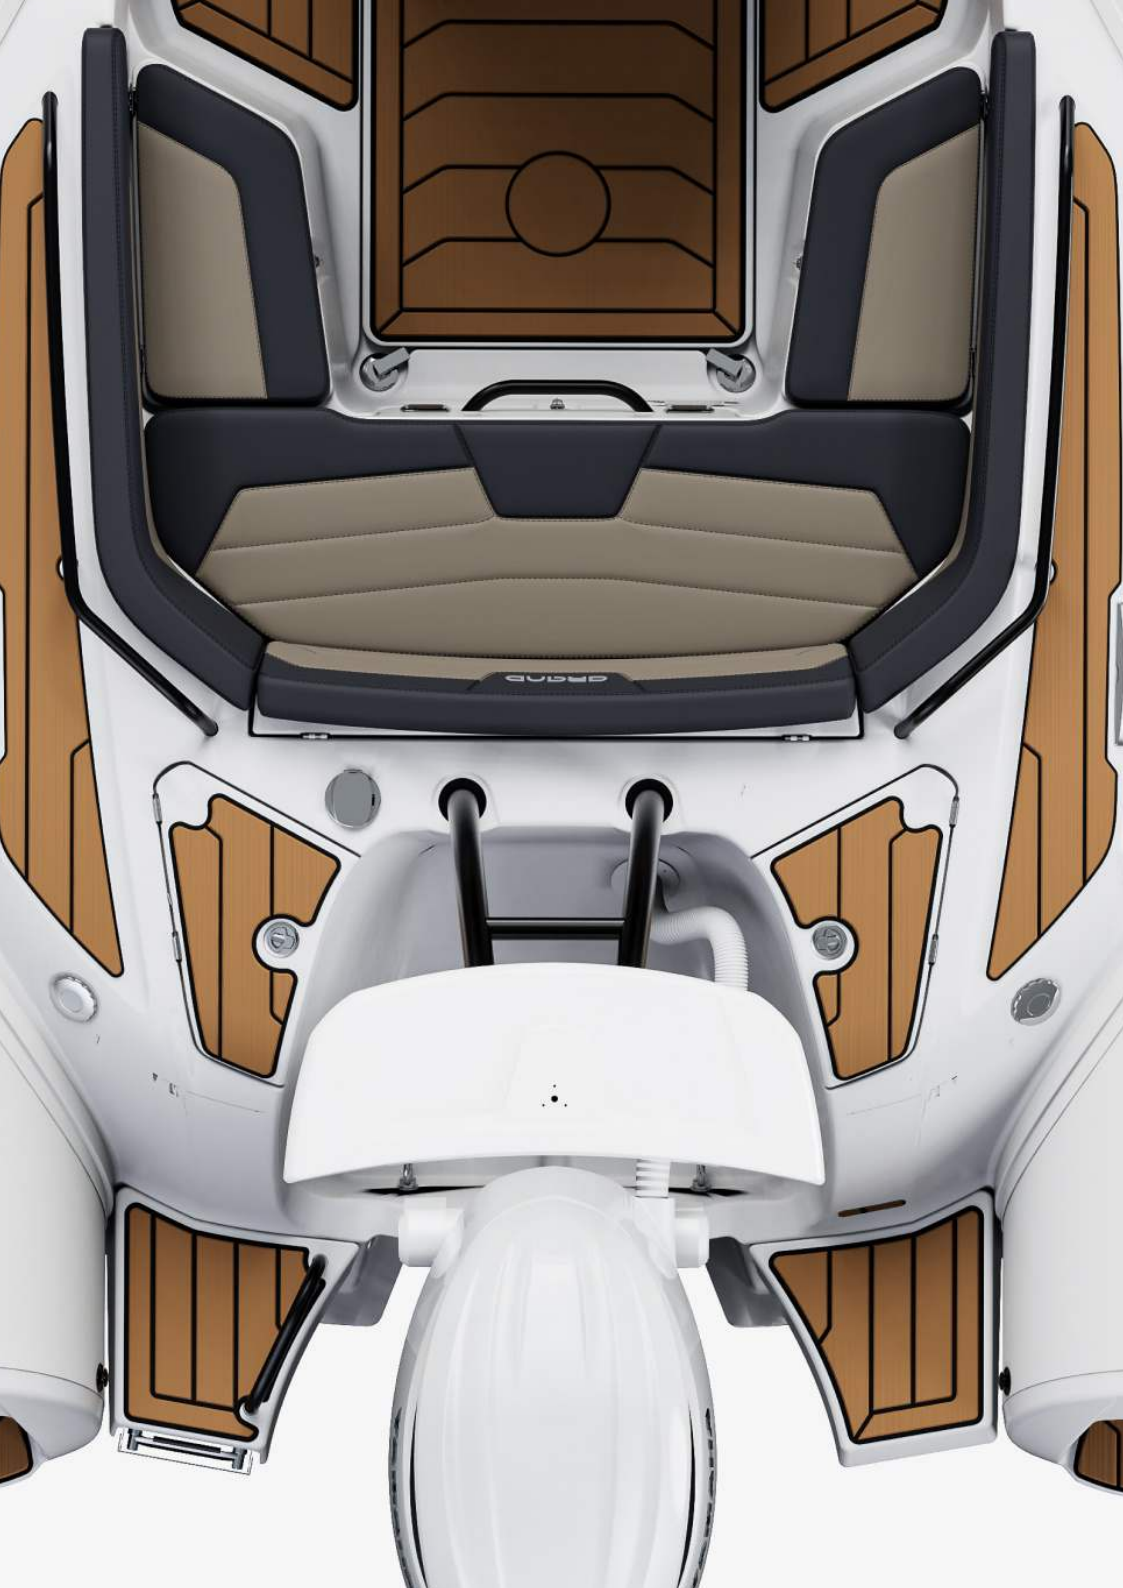

THE STERN

At this spacious stern area, find comfort in the classic u-shaped rear sofa. This hosts two side lockers as well as a midsection storage compartment spacious enough to store away toys, sports equipment and luggage. The rear seating is accompanied by safety hand railings as well as SeaDek foot passages, enabling safe passage to the aft of the boat.

A removable rotatable table and an extendible sun bed makes this the perfect area for entertaining and relaxing, with easy access to the fridge and sink at all times.

REAR SECTION

The remarkably wide stern provides two additional rope lockers as well as additional flat surfaces that have been complemented with soft anti skid SeaDek flooring to move on after getting in / out of the water.

The stern step ends provide a wide spot to place your feet when coming off a beach landing, while the large swim platform with telescopic boarding ladder and handrail provide assistance when emerging from the water.

SUN SHADE

The fibreglass t-top sits at 1.9 metres in height and effectively shelters the driver and passenger at the helm. Ergonomic and incredibly aerodynamic in its design, the fibreglass top has integrated spots for built-in speakers as well as a VHF and is suitable for additional equipment such as radar.

The addition of sun tops that extend outwards to the bow and stern from this t-top ensures that sun protection is maximised at all points onboard. Alternatively, opt for a collapsible bimini top.

The background of the entire image is a repeating pattern of the Grand G680 logo. Each logo consists of a stylized, bold letter 'G' with a small arrow pointing upwards and to the right, all contained within an oval border. The logos are light gray and arranged in a staggered grid.
